

755310D

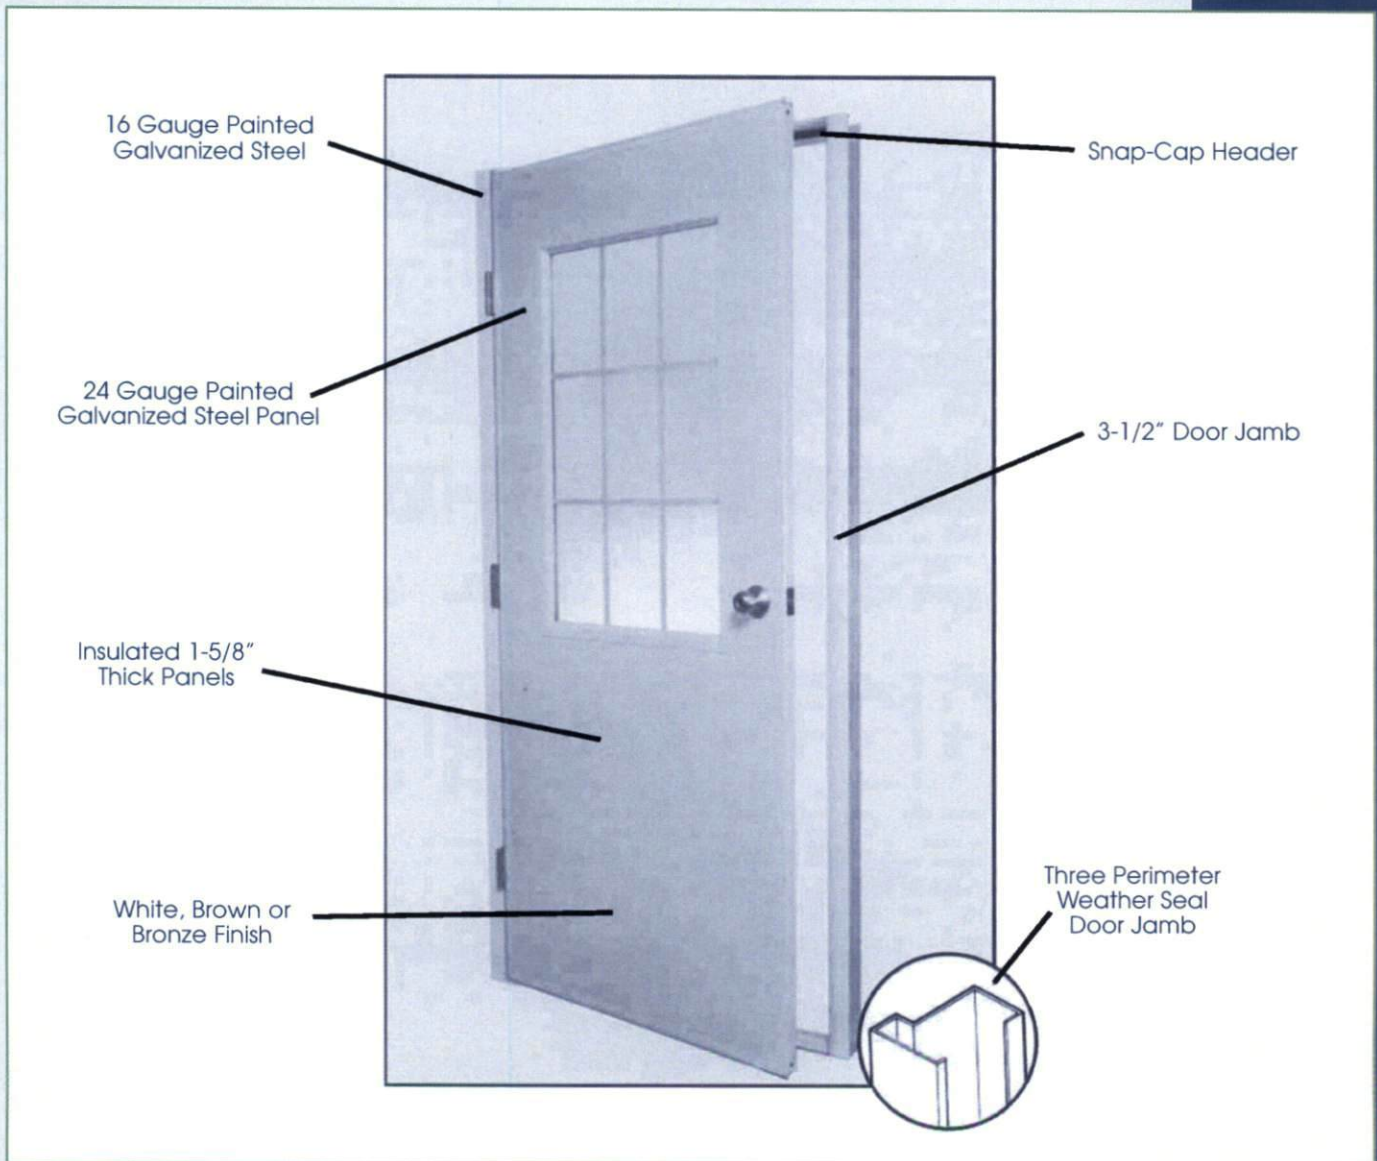

4200 Series CannonBall Tradesman II™ Doors

A pre-hung universal swing door, with the patented snap-cap header system and a heavy duty wide jamb.

The door jamb features a three perimeter weather seal which includes a full vertical adjustable weather strip.

Built to take years of punishment and still remain appealing to the eye.

A top quality service door with energy efficient construction.

4200 Series CannonBall Tradesman II™ Doors featuring:

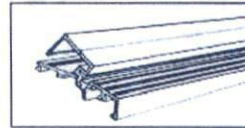

- Installation may be right or left hand, swing in or out.
- A low-profile threshold on the door jamb.
- Double weather seals on the panel ensure a good fit.
- Jamb is available with or without nailing flange.
- A wide variety of lock sets are available.
- Fixed pin hinge and adjustable strike plates are standard.

Standard Door Sizes

2/6 x 6/8	4/0 x 6/8
2/8 x 6/8	3/0 x 7/0
3/0 x 6/8	3/6 x 7/0
3/6 x 6/8	4/0 x 7/0

Door Dimensions

All sizes listed are panel sizes. To determine overall outside dimensions, add 4" to width and 1-3/8" to height. Add whatever you feel necessary for your rough opening. Double door add 4-1/2" to the width.

Snap-Cap Header

Snaps solidly in place to provide a better seal at top of door, still maintaining universal swing.
