

**CAPSTONE
SERIES 70/75**

**ALUMINUM HORIZONTAL
ROLLING WINDOWS**

The Capstone Series is the most economical choice in aluminum windows. Its self-mulling frame eliminates the need for separate horizontal mulling components, and it has a nylon roller system for easy opening and closing. And as with every Croft window, the Capstone Series is built for life.

STRENGTH

-1 7/8" frame depth

ENERGY SAVINGS

- Energy efficient Intercept glass (Series 75 only)
- Full range of glass packages offer increased thermal performance

BEAUTY

- Painted with a baked-on polyester finish which resists scratching and chipping
- Available in a variety of colors and grid patterns
- Sloped sill for traditional look of home exterior

RELIABILITY AND CONVENIENCE

- Integral pre-punched nail fin for new construction
- Sloped sill for optimal water drainage
- Anti-lift-out prevents the removal of operating sash from the exterior
- Self-mulling frame head eliminates the need for separate horizontal mulling components
- Nylon roller system for easy opening and closing
- Screen and ventilating panel are easily removed from the inside of the home

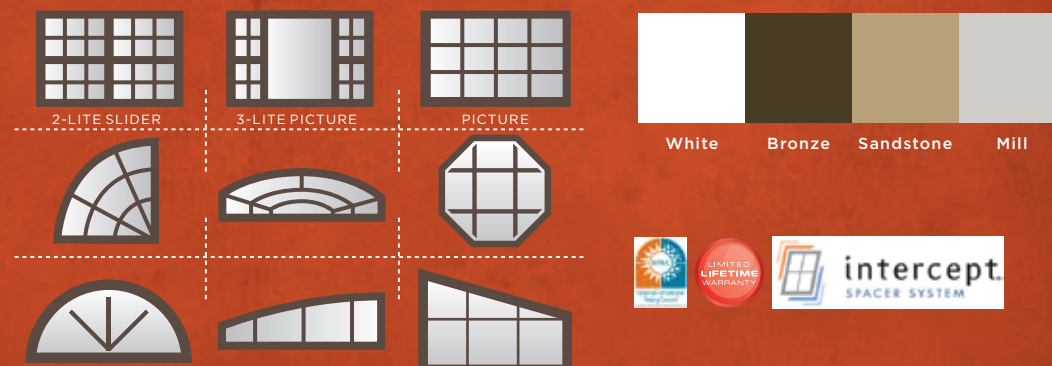

Optional Glass Packages Include:
Tempered, Tinted, Obscure, Low-E
and Argon Gas Filled
